A few weeks ago, evil drew blood. The spiritual landscape has changed. Evil drew blood 2000 years ago. The landscape changed. Forever. Our nation is being tested. Our freedom is on the line. God is in control. We are ripe for the greatest revival in the history of America. I believe God will use Donald Trump, of all people, to launch a new spiritual awakening.

Released From All Charges

I was watching the television coverage of the Alex Baldwin case from the movie set of “Rust,” a Western movie in production at the time, where the gun used was wrongly loaded with live rounds and death followed by an accidental firing. His expected conviction for involuntary manslaughter was dismissed without any possibility of a retrial because of evidence withheld by the prosecution.

I have no opinion on whether he was guilty because that’s “above my paygrade,” and I do not have a “horse in that race.” I was deeply moved by the expression on his face and the immediate tears of relief that burst

from his eyes at the moment of the judge's statement that the trial was over and he was not held accountable. The expression and relief of being released from all charges almost brought me to tears. Just seeing his response was moving.

I remember feeling exactly the same way as a young man whenever I committed my life to Jesus Christ. All the sins that I had committed, whether they were overt or covert, were forgiven me. All charges of sin were dropped. I would never be held accountable for them again! I burst into tears precisely the way he did! What a relief it is to have all charges against you dropped when the prosecutor, the devil himself, who is constantly bringing charges against us before the great Supreme Court Judge, suddenly loses his case because of hiding the truth that Christ can set us free!

I see that constantly in the response of our military, federal agents, students, and evangelistic events to our ministry efforts! It's priceless, and it's what drives me! One of my biggest disappointments today is to see millions and millions of dollars committed and donated to secular fundraising charities for Warrior's recovery and never includes hope in Jesus Christ, who is the healer of Post Traumatic Stress Disorder, Moral Injury, and broken bodies of these American heroes. It is one of my most vital points of contention. In our ministry efforts, we never leave Faith out of the solution for healing. Yes, we supply educational funding, emotional support, retreats, and interventions for our Warriors in need. But, we never leave the Faith element out because it's the most productive of all the things we offer in the healing of our broken national treasures. Whether it's Border Patrol, military, public school ministry, media ministry, or evangelistic events...Jesus is the strongest and most productive solution to healing the brokenhearted.

When you support this ministry, you are not supporting a biofeedback or drug-related solution. You are standing with us and believing that Jesus Christ is still the answer. We will clothe the naked, feed the hungry, and do the things urgently needed to intervene in the broken. But when it comes to the long-term solution, it takes Jesus!

Thank you for your continued support of this ministry and its vital mission. Your monthly support, one-time gifts, and planned wills are not wasted buying airtime for commercials or TV shows!
