I believe this will be the biggest year of change we've ever experienced in our lives and our country's history.

As political parties separate into extreme differences and religious entities do the same in divisions over sexual orientations, abortion, and wokeism, one thing is certain: there will be a rise in violence that will ultimately lead to persecution and eventually to martyrdom.

These are the things predicted in the scriptures by Jesus Christ himself, who said, "Think not that I am come to send peace on earth: I came not to send peace, but a sword" (Matthew 10:34). These are the days of great separation required to sort out the tares from the wheat. Buckle down your seatbelt and get ready for the ride of your lifetime.

Here at the Roever Ministries headquarters, we are making drastic new changes to adjust for this amazing future. Programs at the ranch are gearing up for more outreach to our precious national treasure —our veterans, Gold Star families, active duty military, and military contractors overlooked for years. I am so excited about the future. It is actually hard for me to go to sleep at night as I consider the great things God is doing here at Roever Ministries.

For those who might wonder, I am still in the public schools, on active duty military installations, very active in national media outlets of international television Christian ministries, and, of course, our work in Vietnam and thirty-eight other countries and fourteen languages! When you support this ministry, you are reaching around the world, and the sun never sets on the vision God has given us to reach the lost.

As we enter this new year, I pray that God will meet every need this ministry has because we are reaching into areas that no other ministry is reaching into. Those areas include sensitive countries that I will not mention by name because it could jeopardize our work for the sake of the gospel in those countries.

Can I count on your support for 2024? I am willing to go out on a limb and believe that you understand our mission well enough to support it not only in individual one-time gifts but also to start a monthly bank withdrawal program to assist us in reaching our global initiatives! If you have any questions about what our ministry is doing, don't hesitate to contact us, and we will give you the best and most reliable information to help you make an informed decision in supporting this ministry.

I pray that you have a prosperous and healthy 2024! Happy New Year to you all, and God bless you.

"I believe this will be the biggest year of change we've ever experienced in our lives and our country's history."
