Gateway Church Southlake, Texas

May 26th:

Awaken Church San Diego, California

May 27th:

A Grateful Nation Remembers
Yuba City, California

May 31st:

Soldier Recovery Ft. Meyer, Virginia

Dear Friends and Supporters,

I wanted to take a moment to update you on the incredible work we are doing through our various programs for our US Border Patrol, US Military, and First Responders! Currently, I am at the first of our semi-annual WARRIOR RIVER RUN CAMP in the beautiful Mark Twain National Forest in Missouri. This camp, in partnership with the Westside Family Worship Center, is truly one of the most remarkable programs we offer each year. It not only provides training and travel support for our warriors, but it also covers their accommodations and meals. This camp's impact on our warriors' lives is truly transformative!

However, amidst the joy and growth our programs are experiencing, we also face challenges. This year, we have sadly lost some of our warriors to cancer. It is a devastating reminder of the blight that this illness brings upon humanity. While our enemies may not be able to destroy our National Treasures on the battlefield, sickness, and suicide are taking a toll on our troops here

To schedule Dave, make a donation, or to purchase product, contact our office at:

at home. Just this week, we mourned the loss of the largest donor in the history of our ministry to cancer. It is during these dark times that we must remember that God opens doors of opportunity to drive back the gloom and bring forth new victories.

In addition to our Warrior River Run Camp, we continue to receive calls for intervention from the U.S. Border Patrol. OPERATION BORDER PATROL program is standing ready to provide hope and faith to these warriors who serve as our last line of defense. Their service to our country frequently exposing them to traumatic and challenging events such as subjection to dangerous situations or witnessing the heartbreaking tragedies due to trafficking or smuggling. We recently received a request from the agents urging us to assist them and their families. And, of course, we will answer that call!

Our commitment to supporting our military extends through OPERATION WARRIOR RECONnect. This program reaches out to our US Military community worldwide, especially those who may feel forgotten or isolated. We stand with these warriors who bravely stand on the wall for us. We don't only focus on active military but their spouses as well through our ABIDE women's retreats. We are also proud to share that Eagles Summit Ranch Texas is now fully functional again after extensive damage caused by a devastating flood, and soon, our next Marriage Renewal session will take place to bring hope into struggling marriages!

We are also actively supporting our fire and police through a program called After The Alarm (ATA). Currently, ATA is in full session at Eagles Summit Ranch in Colorado, fulfilling the mission of OPERATION FIRST RESPONDERS. After the Alarm focuses on the specific needs of first responders who serve on the front lines of our local communities each day, as well as first responder couples who face unique challenges to their marriages and families. This program was created for first responders BY first responders and comes to the table with peer support and training to face unique stressors, including station life, sleep deprivation, communication, family dynamics, and other critical issues.

Furthermore, I have been traveling the globe, responding to military calls for resilience training on various military installations. Our GLOBAL/REAP SCHOOL OF MINISTRY has reached an impressive milestone, with nearly 250,000 students in Vietnam and over 380,000 students in 40 nations and 14 languages. The impact of this ministry knows no boundaries!

Even in public schools, we continue to be called upon to bring hope and positivity in the face of a toxic academic environment. We refuse to let the ungodly atmosphere and woke ideologies overshadow the message of hope that we bring to students and their families.

As you can see, God's mission for us is far from over. However, we face a constant challenge in funding our efforts and securing long-term support. The cost of carrying out our mission and saving our beloved country is significant. It is a mountain that we climb every week, month, and year. But I believe we can overcome this challenge together and make the best of a difficult situation in our failing nation. I humbly ask for your support in shouldering the cost with me. Together, we can make a difference and ensure the success of our mission. Your contribution will enable us to provide essential training materials, books, and devotionals to the Border Patrol at no cost. These resources bring hope and healing to the lives and families of our agents, who tirelessly defend our nation without much assistance from the government. Our budget is stretched thin, exceeding an estimated \$20,000 and continuing to grow for upcoming sessions. I understand that it may be difficult for some to give, but I have faith that you recognize the importance of this cause. If we lose our agents, we lose what is left of our border and, with it, the greatness of our nation.

Please consider making a generous donation today. Your support is invaluable, and I cannot do this alone. Together, let us strive to make an eternal impact and bring about positive change.

With gratitude and hope,

Dave Roever

At this time, my work with the Border Patrol in Texas is moving forward at warp speed. Suicide is on the increase and the agents are calling. I am giving my new book, *Forged in Fire*, to hundreds of agents and their families. Please consider supporting this endeavor. It is a \$15,000 budget.
